

# CRANBERRY

## CRANBERRY

### **Compositions:**

Each capsule contains Cranberry 400 mg.

### **Pharmacology:**

Cranberry (*Vaccinium macrocarpon*) is a distinctive source of polyphenols as flavonoids and phenolic acids that has been described to display beneficial effects against Urinary Tract Infections (UTIs), the second most common type of infections worldwide. UTIs can lead to significant morbidity, especially in healthy females due to high rates of recurrence and antibiotic resistance. Cranberry is rich in vitamin C, which helps keep immune system healthy and functioning properly. It fights against oxidative stress and helps kill harmful bacteria.

### **Dosage And Administration:**

1 capsule 2 to 3 times after meal or as directed by physician

### **Contraindications:**
